Software costs are increasing | Minimize effort and accompanying process costs!

» Efficient, reliable, and fast.«

*Stabsstelle IT-Recht
für die bayerischen staatlichen Universitäten
und Hochschulen*

- Stop wasting time **researching sources** for documents and content
- **Retrieve and check use rights with just a few clicks** instead of having to spend time working them out
- **Identify software** quickly and clearly using normalized article texts and the SKU
- **Accelerate cross-departmental approval and procurement processes** for your stakeholders (IT security, legal, procurement, product owner)
- **Minimize sources of error** by providing consolidated knowledge

Sales process

Recommended approach

- **Live demo**
Individually and for teams
- **Test phase**
2 weeks of full access
- **Feedback discussion**
Benefits and added value
Optimized usage scenario
- **Price indication & offer**
